At Canon Barnett we encourage ambition and a belief that you should be the best you can. Academic excellence is important for us but we also value the arts, sport and the personal development of every school member as we see this as inspiring education for enjoyment and life. Our children understand they are part of a global world with the skills and talents to contribute to the local community and beyond. We are proud that our children want to succeed and be high achievers and through our vision and values are committed to making this happen.

Visitors to Hague often tell us how happy, hard-working and well behaved pupils are. We are very proud of them. Pupils make good and outstanding rates of progress as a result of great teaching and support for learning. We challenge pupils to achieve their best, develop knowledge, skills and attitudes which will help them to become successful learners and develop long and lasting friendships.

Kobi Nazrul Primary

Settles Street E1 1JP

kobinazrul.towerhamlets.sch.uk

Kobi Nazrul is a place where school is an experience; we are rich in opportunities which support children to; find their talents, develop confidence and independence or build friendships and relationships. Our work is principle centred allowing adults and children to develop their own style and to be their best. High standards in maths and English are non-negotiable and these skills are applied to our wider curriculum. We work together in a happy and inclusive setting but our learning goes well beyond the walls of the classroom or school building – something our families really value. By maintaining high expectations of ourselves and each other, our children will be equipped to see barriers as challenges and contribute positively in the wider community, now and in the future with curiosity, resilience and determination.
